

# Nursery scores Tops of the tots

STAFF and youngsters at a Wareham nursery had good reason to cheer after sweeping the board during a government education inspection.

Tops Day Nursery, in Carey Road, was rated outstanding in every area put under the microscope during the Ofsted visit earlier this year.

Inspectors even concluded children were "extremely polite and beautifully behaved".

The Wareham nursery cares for 55 youngsters, under the management of mum-of-two Nicky Willetts.

Nicky said: "We're thrilled that all our enthusiasm and attention to detail within the nursery has achieved the highest Ofsted results possible.

"We are a happy team who work well together and that has a good effect on the children's progress because they feel safe and secure.

"Their achievements

towards early learning goals received 'outstanding' evaluation because we focus on the children as individuals and provide many opportunities to

learn with lots of praise and encouragement."

Inspectors found children took part in an extensive range of activities, including

healthy cooking lessons, planting the nursery garden, police and fire station trips and taking part in the Christmas play.
