

My Settling Story

Zoe Triggs

I have come to settle today from Purple Group to Yellow Group.

I will be settling from 08:15 to 16:30.

I have had a sleep from 13:10 until 14:10. I have a comforter, it is my dummy and I am allowed to sleep for 1 hour, but must be awake by 15:00.

I am in nappies. I was last changed at 16:14.

For lunch I have packed lunch. I have eaten all my sandwiches, my yogurt and my fruit. For snack this morning I had fruit and this afternoon I had made jam sandwiches.

My Key Person has brought over my snack mat, my lunchbox, my juice cup and my bag (including nappies, wipes and change of clothes).

Comments;

I have settled in really well. I've done lots of activities such as angel delight play, gloop (cornflour play), potato printing, Tumble Tots and playing in the garden. I have thoroughly enjoyed my day in Yellow Group.

I enjoyed looking at the books in the imagination room...

and I enjoyed playing with the sand in the exploration room.

I buttered my own bread, making jam sandwiches at afternoon snack...

I enjoyed painting a picture for my mummy using potatoes as stampers...

and I had a sneaky lick of angel delight whilst mixing it to play with...

(I don't think anyone saw me!)

I played in the garden twice today, this morning I played with the water...

and this afternoon I played on the trampoline with my big sister, Erin.

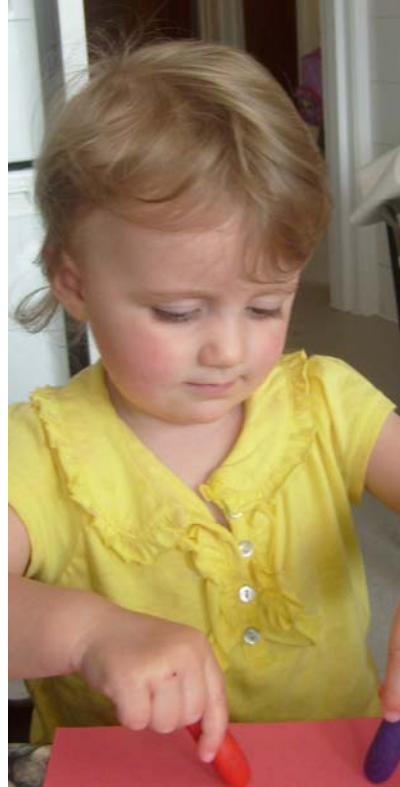

Before lunch, we had a visit from the policemen, I showed them my baby and they told me how to keep her safe!

After a short sleep, I woke and did some Tumble Tots dancing,
played with the playdough...

did some drawing...

and finally played in the soft play room!

I had a great day in Yellow Group and can't wait to join them!
